

Bacchus Beyond Discover Tasting

It's Ozttober!

Australian wine burst onto the UK's shelves in the 1980s and has been a huge favourite ever since. Back then, bold, brassy Oz wines, full of tropical fruit flavours and competitively priced, made a huge and refreshing change to wine shelves full of cheap (and nasty) Liebfraumilch and dodgy Le Piat d'Or. While the course of true love for Oz wine has been a bit bumpy thanks to over-oaked Chardonnays and unfavourable exchange rates, at Bacchus Beyond we believe that there is still much to love about the Wonderful Wines of Oz. Autumn is closing in but let's celebrate that **It's Ozttober** and fill our glasses with some welcome Antipodean sunshine. We can promise eight Fair Dinkum Beauties from the Land Down Under but, sorry, no Vegamite Sandwiches.
